

**Municipal District of Spirit River Development Plan  
Public Open House**

The Municipal District of Spirit River with the assistance of ISL Engineering and Land Services is preparing new Municipal Development Plan (MDP). The purpose of an MDP is to provide a “big picture” land use planning framework to guide long term development decisions. Public input is critical to the process as it ensures that future policies reflect the interests and needs of the community.

You are invited to attend a Public Open House to view the M.D. of Spirit River draft MDP and to provide your feedback regarding how the MDP policies accommodate future growth and development in the region. Highlights from the MDP Residents Survey will also be presented at this session.

**The M.D. of Spirit River  
Public Open House will be held:**

Monday, June 28, 2010  
7:00-9:00pm  
Municipal Meeting Room  
(Building Behind the MD Administrative Office)  
Town of Spirit River, AB

The MDP will establish a policy framework and future land use concept that reflects the collective vision of the citizens of M.D. of Spirit on a variety of issues such as the type, level and pattern of development, as well as smart growth principles. As a critical policy document for guiding future growth and development, the MDP will strive to balance the views expressed by all stakeholders in the planning process.

The MDP and a comment form will be available at the MD office and posted on the MD’s website [www.mdspiritriver.ab.ca](http://www.mdspiritriver.ab.ca) on Tuesday, June 15, 2010.

***We look forward to hearing your views!***
