ATTENTION

Spring and summer have finally arrived, and the Agriculture Services Department has kicked off our summer work. Please be advised that we will have crews out in the Municipality mowing ditches, maintaining green areas such as our parks and cemeteries, and applying herbicide. In addition to these activities our weed and pest inspectors will be out and about inspecting and taking samples.

Agriculture is vital to our region and our municipality. The M.D. of Spirit River is committed to ensuring our producers can maintain their competitive edge in today's volatile market and harvest the best crops possible.

For the purpose of carrying out their duty, Weed Inspectors may enter land or inspect land or personal property at a reasonable time to inspect, take samples, and perform tests under Part 2 Section 12 of the Weed Control Act.

Under the Agricultural Pests Act Section 17, Pest Inspectors may for the purpose of carrying out their duties:

- a) Enter at any reasonable hour onto any land to inspect the land or any buildings, property, or livestock on the land (Does not include dwellings)
- b) On giving reasonable notice, direct the owner or person in control of livestock for the purpose of an inspection, and
- c) Take specimens of a pest or nuisance and of any matter that contains or is suspected of containing a pest or nuisance.

If you see them out and about give them lots of room on the roads. They will be moving very slowly. Say "hi" to any inspectors that you find in your fields. They will be easy to spot wearing high visibility vests and ID badges. They will gladly chat with you to let you know what they are doing and what they have found. If they need to enter your yard sites and barn yards, they will do their best to notify you 24h in advance.

If you have any concerns or questions, please call our Agricultural Fieldman, Jenifer White, at 780-864-9358 or email her at jwhite@mdspiritriv.ab.ca.

ROADSIDE MOWING PROGRAM

The Roadside mowing program will commence on approximately June 14th in Townships 79-4W6 and work South to the East of highway 2. A full right-of-way cut will be performed wherever possible. This program will work in a clockwise direction throughout the municipality.
